Statement of intent

Dore Primary School is committed to taking all steps to avoid placing anyone at a substantial disadvantage and therefore works closely with pupils with disabilities, their families and any relevant outside agencies in order to remove any potential barriers to their learning experience.

The school is active in promoting an inclusive positive environment by ensuring that every pupil is given equal opportunity to develop socially, to learn, and to enjoy school life. The school continually looks for ways to improve accessibility within the school through data collection, parents/carers questionnaires and discussions.

As a Rights Respecting School, the best interests of the child are a top priority (article 3) and we ensure children know about their rights. These include the right to an education (article 28) and the right to a special education for anyone with a disability (article 23).

This policy will be implemented at all times and adhered to by all staff members, pupils, parents/carers and visitors.
